POWER-PAK GARDEN SEEDS

Power-Pak, Michael-Leonard's exclusive formulae for treating garden seeds, is the result of years of experiments by our Research Department. **Power-Pak** treatment has proved to be a great boon to market gardeners as well as home gardeners as an insurance against seed failures due to unfavorable weather conditions and diseases in the soil. **Power-Pak** treated seeds also stimulates root growth in the seedling stages resulting in earlier maturity as well as increased production. Please advise in ordering if treatment is wanted. The cost is nominal as follows:

.01c per lb. on Beans & Peas
.03c per lb. on all small seeds

Sweet corn comes Power-Pak treated at no-charge.

PRE-PACKAGED BULK SEEDS

We are now prepared to supply bulk seed in prepackaged form. This gives the dealer the advantage of offering to their trade, seed supplies at the usual bulk seed saving without the time consuming job of weighing and packaging. The seeds are packed in three convenient sizes and seeds are all Power-Pak treated

The following schedule applies to prepackaged seeds:

Beans, Peas & Corn ½-lb. & 1-lb. pkgs.	@.06c
Beans, Peas & Corn 5lb. pkgs.	@.12c
Small Seeds ¼-oz., ½ & 1-oz. pkgs.	@.03c
Small Seeds ¼-lb. pkgs.	@.05c
Small Seeds ½-lb. & 1-lb. pkgs.	@.06c

All seeds will be packed net weight.
